

BRUTECAST

An alliance to redeem the world with a blast of banging riffs full of heavy rock, mixed with hard metal and a massive In-your-face-attitude: **BRUTECAST** is the brainchild of guitarist and singer Mario Rudolf Sluga. His partners in crime are Thomas ‚Synti‘ Küttner on drums and Dominik Kraushofer on bass.

Actually formed in 2010 as BRUTE, they released their debut album ‚Matterman‘ in 2011, won the Austrian bandcontest **Metalchamp 2014** and played at festivals such as **Novarock** (Nickelsdorf, AUT), **MetalDays** (Tolmin, SVN), **Escape Metalfest** (Vienna, AUT), **Hofer’s Rock** (San Leonardo, IT) and **STP Metalweekend** (St. Pölten, AUT) while sharing the stage with bands like Crowbar, Hail Of Bullets or Black Tusk. Finally they decided to change both line-up and name to celebrate their comeback as **BRUTECAST** to the rock and metal scene in 2018.

Their new album ‚Mainstream‘ is going to be released in spring 2019. The songs combine groovy metal and grunge tunes with elements of heavy blues and stoner rock’n’roll. In 2018, the new stuff could already be heard live at two **Metalnight Outbreak** shows (Escape Vienna, Kitzmantelfabrik Vorchdorf) as well as at the Lower Austrian **Melting Pot** (VAZ St. Pölten).
